E-FORCE COMPETITION SUPERCHARGER KITS

Edelbrock E-Force Competition Supercharger kits include all of the essential components that a racer or tuner shop would need to build a custom supercharger for racing applications. Our competitor's kits often require that you buy a complete system and then remove the components that would not be utilized on a custom build. The Edelbrock E-Force Competition kits give you the option of choosing the equipment you want when building a custom supercharged Mustang. This kit includes the essential supercharger package components with selectable options based on your purpose built needs - from our Competition Air Intake Systems to fuel injectors (available in 41 lb/hr and 60 lb/hr), pulleys (available in 3.5", 3.25", 3.0" and 2.75") and much more. Finally, finish off your custom installation with a set of Edelbrock E-Force Coil Covers #41133. For competition racing use only.

- E-Force Competition Supercharger Kit** (for 2005-09 Ford Mustang 4.6L 3V)#1585*
- E-Force Competition Supercharger Kit** (for 2010 Ford Mustang 4.6L 3V)#1587*

Racer's Report

"We have seen and installed almost every Supercharger kit available for 2005-09 Mustangs... the E-Force Supercharger kit has taken installation and performance to a whole new level! We performed a full dyno and track tested the E-Force on my personal '06 Mustang street car and we were amazed by the outcome - over 630 rear wheel HP, a 9.69 second ET quarter mile @ 141 MPH!"

- Jim D'Amore III, JDM Engineering

2005-06 MUSTANG COOLING SYSTEM UPGRADE KIT

Our Cooling System Upgrade Kit is necessary when installing the new Edelbrock E-Force Supercharger Kits #1580 and #1585 in a 2005-06 Mustang GT. This kit relocates the thermostat from the cold side of the radiator to the hot side for improved cooling. Kit contains all necessary hoses, clamps and hardware.

- Cooling System Upgrade Kit** (for 2005-06 Ford Mustang GT).....#15804

2009 MUSTANG HARDWARE KIT

This kit includes new intake gaskets and necessary hardware when installing E-Force kit #1580 and #1585 on 2009 Mustang 4.6L engines.
