

E-Force Supercharger Kit #1581 for 2004-08 F-150

E-Force Supercharger Kit #1583 for 2009-10 F-150

2004-10 FORD F-150 TRUCKS 5.4L 3V

Now you can bolt-on an Edelbrock E-Force Supercharger system and boost the power in your 2004-10 5.4L 3V F-150. These E-Force Supercharger Systems are exclusively designed for each application and will allow you to boost your performance to an **impressive 478 flywheel horsepower and 504 ft./lbs. of torque**. These systems feature 14" long intake runners for maximum low end torque making them ideal for towing and off-road performance applications. These systems are also available with an optional supplemental warranty, 3 years or 36,000 miles for 2004-06 models and 5 years or 60,000 miles for 2007-10 models. E.O. number pending.

E-FORCE COMPETITION SUPERCHARGER KIT

Edelbrock E-Force Competition Supercharger kits include all of the essential components that a racer or tuner shop would need to build a custom supercharger for racing applications. The Edelbrock E-Force Competition kits give you the option of choosing the equipment you want when building a custom supercharged Mustang. This kit includes the essential supercharger package components with selectable options based on your purpose built needs - from our Competition Air Intake Systems to fuel injectors, pulleys and much more. Dress up your Competition kit installation with a set of E-Force coil covers, the same ones that are included with the E-Force complete supercharger kits.
