Great looking black hardware for a customized style

INTRODUCING...

Edelbrock

THUNDER
SERIES **AVS™**
AIR VALVE SECONDARY

- Exciting new performance features that include the new Qwik-Tune Adjustable Secondary Air Valve
- Distinctive black accented hardware
- Lightweight ball-burnished aluminum that's CNC-profiled for an attractive finish
- The same outstanding features as the dependable Edelbrock Performer Series carburetor line:
 - No gaskets below fuel level to prevent leakage
 - Metering rods and step-up springs can be changed easily without removing or disassembling the carburetor
 - Bolts on to most Chevs... adapters available for Ford, Chrysler and AMC

THUNDER SERIES AVS CARBURETORS

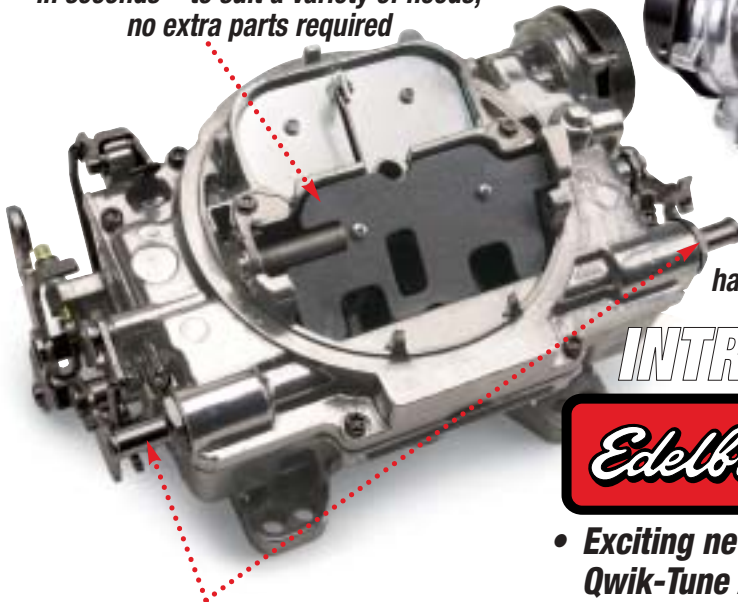

The new Thunder Series AVS carbs share all the performance advantages of the popular Edelbrock Performer Series with innovative new features. The Qwik-Tune secondary air valve can be easily adjusted to match your needs. Whether you want the secondaries to "kick in" early or late, you can set the air valve using standard tools, with no extra springs. It's a quick and simple process. Qwik-Tune combined with the other great features makes the Edelbrock Thunder Series AVS the most convenient and dependable carburetor available today. For 4x4 owners, the Thunder Series AVS off-road carbs include spring-loaded needles and seats for outstanding performance in rough, uneven terrain. Edelbrock engineers have taken a great carburetor and made it even better with the exciting new Edelbrock Thunder Series AVS!

Thunder Series Carburetors	Manual Choke - Part No.	Electric Choke - Part No.
650 cfm	1805*	1806*
800 cfm	1812*	1813*
650 cfm for Off-Road Applications.....	1825*	1826*

DUAL FEED FUEL LINES

Designed especially for the new Edelbrock Thunder Series AVS carburetors, these dual feed lines include chromed parts and a stainless steel braided line for high-quality looks and performance. Match with our Pre-Fitted Stainless Lines.
